SUMMER SCHOOL 2023 CHESHIRE COLLEGE SOUTH & WEST 18 JUNE – 13 AUGUST 2023

Our General English Language Summer School has been running successfully for many years. Students are taught using a communicative method to teaching English. Consequently, even though all aspects of language are covered, there is a particular emphasis given to speaking and listening and will involve students communicating with each other in English.

Our qualified language teachers use a variety of modern teaching approaches and teach to small effective groups. The teachers will provide students with fun and challenging speaking activities which allow students to practice the language in real life situations and contexts. Our activities, such as role-plays, discussions, debates, games, problem solving activities and quizzes, are designed to generate a lot of interaction so that students can practise their speaking and listening skills.

The College is committed to offering students a safe and secure environment in which they can thrive socially and academically. Our staff are available to support students 24 hours per day with any needs they may have during their stay.

Students can join from the age of 16 as individuals or from the age of 14 as part of a group with group leaders.

One of the best ways for students to improve their spoken English is to choose homestay accommodation. The standard of our homestay accommodation is excellent. We have chosen the homestay families carefully and the hosts are friendly and always have time to talk to you. We are extremely proud of our record in accommodating students in homestay families and of the very positive feedback we get from our students. Halls of Residence options are also available in both Crewe and Chester.
